

A DESIGN-SAVVY TRAVEL GUIDE TO MIAMI

Whether you're heading to Miami for Art Basel and the other fairs in early December or just to escape frigid temperatures this winter, be sure to check out our guide to the city's hottest new hotels, shops, restaurants, and more

MC KITCHEN

After an extremely successful first year, MC Kitchen is still riding high. Chef Dena Marino, who has worked under acclaimed chef Michael Chiarello, elevates rustic Italian dishes featuring organic seasonal ingredients with a refined technique. A prime space in the Design District makes this a buzz-worthy hot spot for the stylish set. If you're looking to grab a quick bite or a sweet snack, stop into Mercato, the restaurant's market next door.
